✓ Do

- ✓ Use Inter font family everywhere
- ✓ Maintain navy (#0A2463) as primary color
- ✓ Include tagline with + star separator
- ✓ Use WhatsApp as primary contact channel
- ✓ Show trust badges in all materials
- ✓ Keep copy direct and results-focused
- ✓ Maintain generous white space
- ✓ Use 3-column grid for service cards

✗ Don't

- ✗ Stretch or distort the "S" logo mark
- ✗ Use colors outside defined palette
- ✗ Mix font families (Inter only)
- ✗ Use overly corporate language
- ✗ Place navy text on dark backgrounds
- ✗ Use more than 3 font weights per layout
- ✗ Crowd elements — min 6-8px gaps
- ✗ Change border-radius of logo container

400 Regular: Body text, descriptions

Voice & Tone

Brand personality, language rules & copy patterns

Professional

Credible, instansi-grade quality — not amateur

Approachable

Friendly, not intimidating — speaks UMKM language

Confident

Direct, assertive — "tanpa drama"

Practical

Results-focused — "dari ide sampai deploy"

Transparent

Honest pricing, clear timelines — "harga transparan"

Language Rules

Primary Language	Indonesian (Bahasa Indonesia) — English for brand guide docs
Tone	Casual-professional. Not stiff corporate, not overly slang.
Technical Terms	OK in context (React, API, deploy) — audience understands
English Terms	Use for tech terms naturally. Don't force-translate "landing page"
Perspective	First-person plural ("kami") for company voice
